

Vintage Style Overhead Storage Net

Perfect reproduction of this sought after accessory.

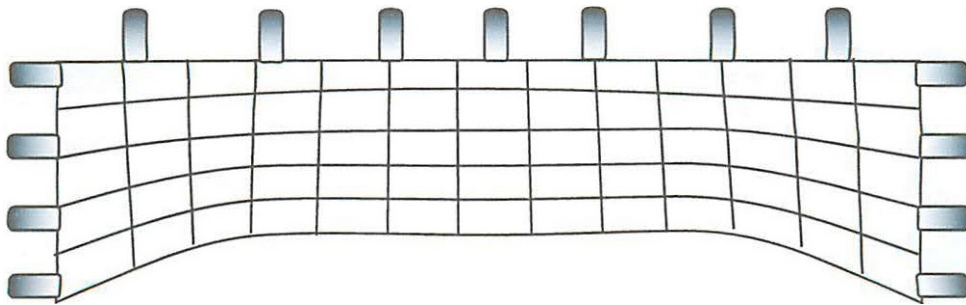

Installs easily in 2 minutes and stores road trip items like maps and sunglasses.

Fits all Beetles >64 or later cars with same style headlining.

Fitting instructions.

Neatly fits into your car without any drilling, simply place clamps into the space between your headliner and the roof of your car.

1. Hook the four clips on one end of the net to one side of the roof.
2. Repeat at the other side.
3. Starting at the centre hook the remaining clips to the front roof line.

Note: We recommend you do not store heavy items for long periods of time in the net as may damage stretch of elastic.
